

Galaxy S[®] 4 Accessories Fact Sheet

Unique Accessories

Flip Cover

Samsung's Flip Cover enhances the look and feel of the Galaxy S 4 with a stylish front cover and snap-on back. By replacing the phone's back cover, the Flip Cover maintains the thin profile of the Galaxy S 4. Seven vibrant colors allow users to customize their Galaxy S 4 for any occasion or outfit. Colors include Black Mist, White Frost, Light Blue, Pink, Green, Orange and Yellow. (\$39.99)

S View Flip Cover

Similar in design to the Flip Cover, the S View Flip Cover brings both form and function to the Galaxy S 4. Through a clear window at the top of the cover, users can view the date and time, device battery life status, read text messages, and answer or reject calls with the cover closed. The convenient Auto Wake-Up function also activates upon opening the cover, eliminating the need to swipe to unlock or switch on the screen manually. Available colors: Black Mist, White Frost. (\$59.99)

Protective Cover+

The Protective Cover+ fits snugly over the back and sides of the Galaxy S 4, protecting against bumps, scratches and falls. The cover also gives users an enhanced grip of their device and is easy to attach. Colors include White, Navy, Green, Blue and Pink. (\$29.99)

Spare Battery Charging System

The Spare Battery Charger ensures Galaxy S 4 users always have a freshly charged battery on-hand. The compact, stylish design ensures safe portability when not in use and an LED light on the front indicates when the battery is fully charged. Spare 2600mAh battery, battery charging stand and wall charger are included. (\$49.99)

Shared Accessories

AllShare Cast Wireless Hub™

AllShare Cast Wireless Hub allows users to wirelessly share content with any nearby HDTV or HDMI® display. AllShare Cast Hub pairs quickly to any premium HDMI-capable TV to transmit pictures, videos and music to a large screen, all while controlling the action from the smartphone. Compatible devices include Galaxy S 4, Galaxy Note 8.0, Galaxy S III, Galaxy Note II and Galaxy Note 10.1. (\$99.99)

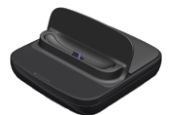

Smart Dock

Smart Dock turns a Samsung Galaxy S 4 or Galaxy Note II into a true desktop computing device. Using a large screen monitor, keyboard and mouse, users can surf the Web, update a social network status, respond to emails and even edit documents and presentations. There is no need to sync to a PC or manage multiple devices. The dock is equipped with three USB inputs, an HDMI output and a 3.5 mm output for stereo speakers. (\$99.99)

Universal Multimedia Desktop Dock

The Universal Multimedia Desktop Dock has a compact design with pop-up micro USB port that also folds flat for ease and portability. The dock can simultaneously charge a Samsung smartphone while users listen to music through an external speaker. Smartphones can also be docked while housed in a Samsung Flip Cover or S View Flip Cover. Compatible devices include Galaxy S 4, Galaxy S III, Galaxy Note II, Galaxy Rugby Pro, Galaxy Victory 4G, Galaxy Exhilarate and Galaxy Express. (\$49.99)

Universal Vehicle Navigation Mount

The Samsung Vehicle Navigation Mount has a slim design that will grip most smartphones with screen sizes between 4.0 and 5.5 inches, with or without a case. The dock features a strong gear-locking mechanism which securely grips your phone, and full 360-degree rotation is provided for quick portrait-to-landscape viewing. The vehicle dock is an ideal solution for hands-free calling or satellite navigation with your phone. Car charger is included. (\$49.99)

MHL 2.0 HDTV Adapter

The HDTV adapter allows users to share pictures and videos on any high definition TV or computer monitor. Compatible devices include Galaxy S 4, Galaxy S III, Galaxy Note II and Galaxy Note 8.0. (\$39.99)

Universal Battery Pack

This 9000mAh battery pack will charge a smartphone up to three times and a tablet once, providing true portable power on the go. Compatible devices include Galaxy S 4, Galaxy Note 8.0, Galaxy Note 10.1, Galaxy Note II, Galaxy Tab 2 (7.0), Galaxy Tab 2 (10.1), and Nexus 10, the new tablet from Google™. (\$79.99)

HS-330 Headphones

Galaxy S 4 users can listen to their favorite music and video content right out of the box with a pair of HS-330 Headphones. These headphones deliver high-fidelity, balanced audio through dual bass and treble speakers. In addition, the ergonomic design ensures an easy, comfortable fit, while the tangle-resistant cable and convenient mini remote allows users to adjust volume, skip music tracks and answer/end phone calls. The HS-330 headphones are also compatible with the Galaxy S III and Galaxy Note II. (\$29.99)

HM3300 Bluetooth® Headset

The HM3300 is a compact, stylish Bluetooth headset that supports NFC for tap-to-pair easy coupling. The sleek, glossy metallic finish compliments Samsung smartphone designs. Features include HD voice, audio streaming and voice prompts in six languages. Colors include Titan Gray, Marble White and Pebble Blue. (\$49.99)

Galaxy Muse™

Galaxy Muse is a portable music player designed to complement Galaxy smartphones and free users from the hassle of PC music management. With Galaxy Muse, active users can sync their music directly from their Galaxy S 4, Galaxy Note II or Galaxy S III and simply leave the phone behind to enjoy hands-free listening on a run or at the gym. (\$49.99)

Samsung, Galaxy S, and Samsung Muse are trademarks of Samsung Electronics Co., Ltd.
