

Clean Energy and Mansfield Strategic Partnership Fact Sheet

Partnership Overview

- Joint Marketing and Bilateral Sales
 - Includes marketing natural gas and diesel fuel to current and potential clients; RFP identification and submission; tradeshow representation and support
- Acquisition of Mansfield’s Compressed Natural Gas (CNG) Business by Clean Energy
 - Represents 43 service and operations contracts and 20 new CNG stations under development
 - Clean Energy will become the Western distributor of Mansfield Gas Equipment Systems’ FuelMaker, a small scale home re-fueling system
- In addition, Clean Energy and Mansfield intend to work together on:
 - Back Office Products and Support
 - Gas-2-Gallons Fuel Management System
 - Energy Services
 - Direct supply of natural gas and electricity and automated invoicing and tracking as well as motor fuel tax processing and filing
 - Joint Development of Locations to Provide Fueling Services
 - Designed to leverage Mansfield’s and Clean Energy’s sprawling North American real estate footprint
