

## THE SAME OLD PROBLEM

Ever changing industry regulations require companies to ensure their workforce and partners are properly trained to meet industry compliance. It's costly! It's dull! It's hard to manage, until now.

## THE MORF LEARNING™ SOLUTION

First Complete Enterprise Compliance Training Platform for Mobiles

**Morf Learning™** allows you to engage your staff and customers to enjoy completing compliance training and policy review quickly and efficiently. Its mobile-game-like experience transforms costly and difficult to manage company compliance policies and critical training into playbooks for success. Morf Learning empowers you to demonstrate successful completion of required training for industry rules to avoid regulatory fines. Training can be carried out anytime, anywhere without costly classroom settings. Morf Learning is fully gamified to train users with simulations (Morf Playbooks™) of three minutes or less, and is optimized for concept mastery, retention, remediation and effectiveness.

## Morf Learning™ Helps Your Workforce Perform at the Top of their Game

- **Effective** interactive learning environments are scalable and based on engagement through mini-lesson series for optimum training performance
- **Flexible** web-based and mobile platform empowers your employees and partners to play, learn, engage and achieve compliance goals, anytime, anywhere
- **Powerful and fully auditable** data analytics help you to track training performance and progress toward full compatibility with compliance training metrics
- **At-a-glance-behavior profiling** through artificial intelligence enables you to coach your employees to be at the top of their game
- **Award-winning** game engine empowers your education managers to develop and deploy content with built-in authoring tools
- **16x Faster** to deploy content than with traditional platforms
- **Policy tracking** platform allows you to upload, create and deploy policies, on-boarding processes, and more
- **Customizable** with an open API and access to a large library of compliance training.
- **Secure** cloud storage with redundant back up systems
- Easy to use standardized content for rapid deployment and integration with other Learning Management Systems.
