Dallas County continues to show a pattern of unfair dealings with HIV/AIDS service providers at a time where 35% of people living with HIV/AIDS in the County are out of care* and more access points to care are critically needed.

As one of the largest providers of HIV/AIDS care in Dallas County, AIDS Healthcare Foundation (AHF) was left with no alternative but to seek judicial remedy in our pursuit of a fair and transparent bidding and scoring process. Show your support for AHF and the care of people living with HIV/AIDS in Dallas County.
