GLOBAL TECHNOLOGY ADOPTION INDEX
CHAPTER 2: HEALTHCARE FINDINGS

🔒 Security

HEALTHCARE ORGANIZATIONS ARE FOCUSING THEIR SECURITY STRATEGY

more on compliance issues and less on protecting against hackers,

THE DIRECT OPPOSITE OF OVERALL RESPONDENTS.

Healthcare organizations
ADHERING TO COMPLIANCE REGULATIONS INCREASED

36% ⬆ 40%
(2014)   **(2015)**

Overall respondents
ADHERING TO COMPLIANCE REGULATIONS DECREASED

37% ⬇ 35%
(2014)   **(2015)**

EXACT OPPOSITES

PROTECTING AGAINST HACKERS DECREASED

49% ⬇ 39%
(2014)   **(2015)**

PROTECTING AGAINST HACKERS INCREASED

42% ⬆ 45%
(2014)   **(2015)**

HEALTHCARE ORGANIZATIONS ARE BEGINNING TO SEE SECURITY AS BOTH A

competitive advantage and as meeting compliance requirements.

More healthcare organizations are reporting that security gives them a **competitive advantage**

18% (2014) → **21%** (2015)

More healthcare organizations are citing that security is about **meeting compliance requirements**

17% (2014) → **20%** (2015)

These same organizations are reporting a decline in **thinking about security as only protecting the organization**

55% (2014) → **47%** (2015)
