

## Ignition® Seating – The Perfect Fit Fact Sheet

### Top Features

- Ignition is a comprehensive, coordinated seating solution for virtually every office need.
- Designed to accommodate body types from the 5<sup>th</sup> to 95<sup>th</sup> percentile, Ignition's innovative materials and construction not only offer the highest level of comfort, but also support a higher degree of flexibility.
- This flexible seating line allows you to mix and match adjustment features, back height and various customization options to fit who you are, where you work, and how you work.

### Where It Works

- From welcoming to waiting areas, cafés to classrooms, and conference rooms to private offices, Ignition creates a universal aesthetic throughout a space while evolving to meet everyone's changing needs throughout the day.
- Ignition provides personalized comfort to fit a wide variety of people and work styles and improve productivity wherever work gets done.
