*Pairing Fresh and Flavorful Selections with Warm-Weather Patio Dining*

#### **About**

Quaker Steak & Lube®, often affectionately called The Lube®, has released a completely revamped picture-book style cocktail menu featuring newly crafted drinks mixed with trending and premium liquors. Guest favorites such as Lube-N-Ades®, Lube Island Teas and Lube-A-Ritas still have their place on the colorful pages among refreshing new handcrafted drinks that are sure to become new top choices. An expanded line-up of nationally recognized draft beers, including lagers and craft brews are offered alongside local favorites at the taps. The Lube's® kicked-up beverage brings new flavors and premium brands to guests, while still offering value.

The Summer limited-time dining menu is the second of four limited time offer (LTO) menus that The Lube® will roll out this year. The limited-time offers provide a continuous variety of new and fresh menu options. LTO menus complement the unique and exciting casual eatery's full menu that offers "Lubies" (Lube restaurant guests) a wide assortment of street food tacos and sliders; sandwiches; salads; chicken; and fish entrees; as well as mainstays such as burgers; ribs; and, of course, famous, award-winning wings.

The new LTO menu options are available through July 31 at participating Quaker Steak & Lube® locations. More information can be found at [www.thelube.com](http://www.thelube.com).
