

## Aura Clean and Charge™

Phone Disinfection + Charging Device

### What it is

Cell phones are one of the dirtiest things you will touch all day, in fact, **10x dirtier than toilet seats\***.

UV Angel's Aura Clean and Charge is the next generation in smartphone disinfection and charging. Our patented technology platform utilizing **UV-C light** is built in to safely and automatically disinfect your smartphone 360 degrees on all sides of your device. And don't lose charge while cleaning – a USB port and Qi wireless charging technology are also integrated.

Cell phones are

# 10x

**dirtier than toilet seats**  
(\*University of Arizona study)

Statistics show  
**1** square  
inch of  
your phone  
contains  
**25,000**  
**GERMS**

### How it works

Along with advanced disinfection technology, what makes the Aura Clean and Charge different is uninterrupted workflow. Our intelligent technology monitors when a phone is placed onto the platform and will automatically begin disinfection. As you interact with your device, disinfection is either terminated or initiated.

### Intelligent

actively monitors device placement- providing uninterrupted workflow

### Automated

automatically delivers **UV-C light** and charging

### Effective

Clinically proven effective to kill bacteria

greater than **99%** effective  
at killing bacteria
