

Personal Financial Satisfaction index (PFSi)

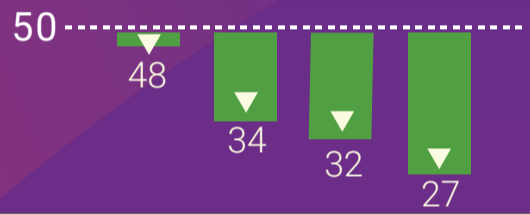

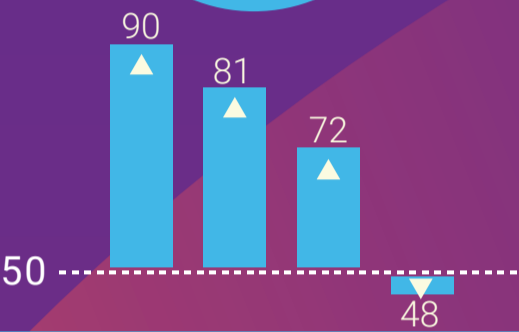

Q3 2019
+37.3

Personal Financial Pleasure index
72.6

Personal Financial Pain index
35.4

| | |
|-----------------------------|----|
| PFS 750 Market Index | 90 |
| Job openings per capita | 81 |
| Real home equity per capita | 72 |
| CPA Outlook Index | 48 |

| | |
|------------------------|----|
| Personal taxes | 48 |
| Inflation | 34 |
| Underemployment | 32 |
| Delinquencies on loans | 27 |

Positive readings of the Personal Financial Satisfaction index indicate that Americans' financial opportunities are expanding faster than the loss of financial well-being.

Negative readings indicate that consumers are likely experiencing financial difficulties.
