

A microscopic view of several COVID-19 virus particles, which are spherical with a textured surface and numerous spike-like protrusions. The particles are rendered in shades of blue and white, set against a light blue background. A diagonal white line cuts across the image from the top left towards the center.

## Finding it difficult to **navigate the crisis?**

We now offer a comprehensive COVID-19 business support package for all small and medium-sized enterprises to help them ensure business continuity amid the crisis.
