CAM540

- Designed with precision, the CAM540 uses high quality sensors and multi-lens glass to produce the sharpest and most accurate color ever.
- With smooth bearings and a whisper-quiet motor, the CAM540 offers continuous flowing, fluid movements so you never lose motion.

CAM520 PRO

- Hold your meeting in any lighting. True WDR controls light exposure and quickly process the light values in high-contrast environments.
- Connect and collaborate like never before with real-time streaming along with annotating, snapshots and video recording.
