01

49% are worried about **rising interest rates**

02

47% are nervous about a **recession**

03

47% are **expecting disruption** from the **pandemic**

04

42% are concerned about **hiring and retaining the right talent**

# Time to get real

---

**99%**

of finance leaders agree real-time processes and operations can help inform better business decisions.

---

But are they moving fast enough?

**16%**

have scaled current finance processes and operations to real-time.

---

Where do they want to go?

**44%**

plan to have nearly all finance processes and operations in real-time in the next three years.

# Face uncertainty with confidence

---

**68%**

**of finance leaders say that real-time  
finance operations and processes  
will prepare them for the future by...**

Improving inventory  
and cash flow  
management

Giving a better view  
of working capital

Forecasting  
more accurately

Supporting integrated  
planning across the  
business

# What's the delay?

Choosing the  
right operating  
model

Accessing  
the right  
data

Having the right  
technologies

Attracting and  
keeping the  
right talent

# Outmaneuver uncertainty

**With an intelligent finance  
operating model that  
draws upon data, applied  
intelligence, digital  
technologies and human  
talent**

# Strike the dynamic balance with two complementary parts of a powerful engine

## 01
