HYBRID ROOM-READY SOLUTION

 Certified for
Microsoft Teams

All components needed for
a high-quality, hybrid
meeting experience.

Lenovo, Yamaha and AVer have come together to create a room-ready solution for hybrid meeting spaces. Inclusive of a complete audio system, conference camera, control system and touch panel, these devices have been tested and work seamlessly together to provide a complete solution for customers.

MS TEAMS CERTIFIED

All devices have been tested and certified by Microsoft for Teams Room use.

END USER FRIENDLY

Simple to initiate and control meetings, share content, and collaborate.

EASY SET UP

All devices are easy to install, configure and connect to the ThinkSmart Core.

ThinkSmart Core + Controller

Add smarter collaboration technology to meeting rooms of all sizes with our ThinkSmart Core + Controller - built on the Intel vPro® platform and perfect for employees to connect, share, and collaborate seamlessly and securely.

Preloaded with Microsoft
Teams Room
