

City Hall:

FILL THE CECIL NOW!

700 units at The Cecil Hotel have mostly remained unused while 1,200 homeless die yearly.

There are tens of thousands of unused units across the city.

SROs (Single Room Occupancy) are low hanging fruit that can house people now.

Saving and utilizing this entry level housing is critical to helping the homeless.

Back room deals with greedy developers keep these units empty.

WHEN YOU ARE IN A HOLE, STOP DIGGING.
