Choices programs for adolescents and young adults provide a nurturing environment that supports overall mental health, the development of life skills, healthy coping strategies and self-esteem. We treat teens and young adults ages 14-21 who are challenged by substance abuse, trauma, behavioral and or social issues, anxiety, depression, and eating disorders.

## We offer:

- Case Management
- Stabilization Support
- Clinical Services
- Psycho-Social Groups
- Recreation
- GED/HiSET Prep
- Meals
- Financial Literacy
- Academic Support
- Substance Use Disorder Education and Intervention

## Our Programs:

### PASS

Positive Alternative to Student Suspension

### APG

Alternative Peer Group

### REA

Recovery Education Academy

### CSP

Choices Summer Program

Clinical services provided by licensed clinicians and addiction specialists within a holistic environment.

"Wherever you are, we'll meet you there."
