

Life-Saving Smart Collar

Redefining Dog Health Monitoring
Beyond Traditional Collars.

Biometrics

Calories Burned

Sleep Score

Wellness Score

Activity Score

Pain Indicator

Vitals

Pulse

Temperature

Respiration

Stress Level (HRV)

Early Detection

Catch illnesses before it's too late with alerts for variations in vital signs

Treatment

Track changes in vitals and biometrics over time to evaluate efficacy of treatment plans

Ongoing Monitoring

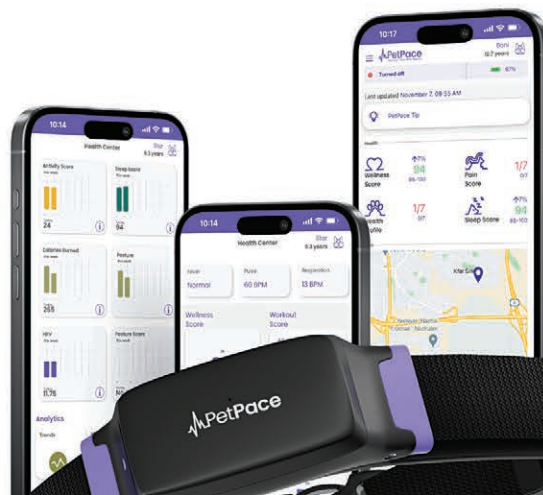

Manage all aspects of your dog's health with customizable dashboards, charts, and goals

GPS Location

Monitor walks and location history in case they get lost with built-in GPS

*"PetPace was a **lifesaver** for Bella. When it **alerted us** to unusual health signs, we quickly discovered she was in the early stages of heart disease. **Thanks to PetPace's early detection, Bella received prompt treatment and is now back to her playful self.**"*
