Modern Payments for Your Modern Practice

It's more crucial than ever for practices to have an end-to-end solution for payments. We'll help you streamline operations, give you complete visibility into your payments, and provide control over how customers cover transaction costs—all now available with our new point-of-sale terminal.

Free Terminals

Terminals from \$29.99 a month, one **FREE** terminal with \$15k+ in monthly transactions.

Payment Options

Our solution allows practices to charge surcharges while most other solutions don't offer this.

No Platform Fees

Practices can enjoy seamless payment processing with no additional subscription fees.

Easy Setup

With minimal setup and onboarding, simply connect the terminal to the internet and start using it.

Full PMS Integration

Avoid double entries and errors with full integration with Practice Management Software and PbN.

End-To-End Solution

It just works – all the parts are connected and it acts as both a payment gateway and provider.

Low Card Fees

Card present payments (all cards except AMEX/Debit) 2.69% + 30¢ per transaction.

Better Experience

Our payment service provides increased flexibility, improved processing, and reduced costs.

More Efficient

Run payments in seconds and see most deposits in your bank account within two business days.
