“The generous donation from T-Mobile will help support the programs of Canines With a Cause; rescuing dogs from local shelters and training them to support our Veterans, Active Military, and First Responders dealing with Post traumatic Stress. What a difference they are making in the lives of two and four legged heroes.”

“We are so honored to be one of the recipients of T-Mobile's Difference Maker Award. This contribution helps ensure that animals in our community have the second chance they deserve. Animals teach us about unconditional love, resilience, and make us smile. With the support of T-Mobile, we will be able to provide even more happy tails. The animals in our care can't say "thank you" but we can... THANK YOU, T-Mobile!

“What truly makes the Ronald McDonald House special is the team of people who work and volunteer there. They always greet you with a warm smile and genuine conversation. Always asking if there is anything they can do for you. Being surrounded by people who were positive, and kind gave us some much-needed sunshine when our world seemed gray. The NICU life can be very lonely at times, the people at the RMHC of Idaho were a constant reminder that you weren't alone.”

- **Sudik Family, 70 nights at the Ronald McDonald House Charities of Idaho**
