

Acadian Asset Management Inc. Reports Financial and Operating Results for the First Quarter Ended March 31, 2026

- Record quarterly net inflows of \$21.4 billion for Q1'26, (12% of beginning AUM), driven by Enhanced, Extension and Global strategies
- AUM of \$195.7 billion at March 31, 2026, up 61% from Q1'25
- Record quarterly management fees of \$159.3 million, up 41% from Q1'25
- U.S. GAAP net income attributable to controlling interests of \$24.3 million, 21% higher compared to Q1'25
- U.S. GAAP earnings per share of \$0.68, 26% higher compared to Q1'25
- ENI of \$37.6 million, 85% increase compared to Q1'25
- ENI earnings per share of \$1.05, 94% increase compared to Q1'25
- ENI Operating Margin expanded 978 bps to 38.1% for the quarter, up from Q1'25

BOSTON - April 30, 2026 - Acadian Asset Management Inc. (NYSE: AAMI) reports its results for the first quarter ended March 31, 2026.

Kelly Young, Acadian Asset Management Inc.'s President and Chief Executive Officer, said, "Acadian achieved its ninth consecutive quarter of positive net client cash flows in the first quarter of 2026, with a quarterly record \$21.4 billion, ending the quarter with \$195.7 billion of AUM as of March 31, 2026, up 61% from Q1'25. Alongside these flows, we realized another record amount of quarterly recurring management fees with \$159.3 million up 41% from the first quarter of 2025. As we progress through our 40th year, we continue to see organic growth, reflecting strength and momentum in the business driven by long-term outperformance, as well as product and distribution initiatives. Acadian has been a leading systematic manager since the 1980s, providing our clients with sustained outperformance through various and complex market cycles. Going forward, Acadian will remain focused on our time-tested investment process and the execution of our growth strategy, including ongoing expense discipline. We look forward to discussing our growth strategy in more detail at our previously announced May 19th Investor Forum.

ENI for the first quarter of 2026 was \$37.6 million, up 85% compared to \$20.3 million in the first quarter of 2025, while ENI earnings per share was \$1.05, up 94% compared to \$0.54 in the first quarter of last year. The year-over-year increase in ENI was primarily driven by strong management fee growth.

Acadian's long-term investment performance remained strong. As of March 31, 2026, 96%, 96% and 96% of Acadian's strategies by revenue beat their respective benchmarks over the prior 3-, 5-, and 10- year periods, respectively.

Turning to capital management, we had a cash balance of \$129 million as of March 31, 2026. In first quarter of 2026, we repurchased 0.1 million shares, or \$4.7 million, of common stock."

Dividend Declaration

The Company's Board of Directors approved a quarterly interim dividend of \$0.10 per share payable on June 26, 2026 to shareholders of record as of the close of business on June 12, 2026.

Conference Call Dial-in

The Company will hold a conference call and simultaneous webcast to discuss the results at 11:00 a.m. Eastern Time on April 30, 2026. To listen to the call or view the webcast, participants should visit the Company's website, at ir.acadian-inc.com or:

Dial-in:

Local Dial-in Number:	(585) 542-9983
Toll Free Dial-in Number:	(833) 461-5787
Meeting ID:	492537948

Dial-in Replay:

A replay of the call will be available beginning approximately one hour after its conclusion either on the Company's website, at ir.acadian-inc.com

About Acadian Asset Management Inc.

Acadian Asset Management Inc. is the NYSE listed holding company of Acadian Asset Management LLC, with approximately \$196 billion of assets under management as of March 31, 2026. Forward-Looking Statements

This communication includes forward-looking statements which may include, from time to time, anticipated revenues, margins, operating expense, variable compensation and distribution ratios, cash flows or earnings growth profile, expectations regarding the investment process, anticipated performance and growth of the Company's business going forward, expected distribution and variable compensation ratios, expected sector trends and their potential impact, expected future net cash flows, expected uses of capital, including expectations for paying down our revolving credit facility, and capital management, including expectations regarding market conditions, investing in organic growth and returning capital to shareholders. The words or phrases "will likely result," "are expected to," "will continue," "is anticipated," "can be," "may be," "aim to," "may affect," "may depend," "intends," "expects," "believes," "estimate," "project," and other similar expressions are intended to identify such forward-looking statements. Such statements are subject to various known and unknown risks and uncertainties and readers should be cautioned that any forward-looking information provided by or on behalf of the Company is not a guarantee of future performance.

Actual results may differ materially from those in forward-looking information as a result of various factors, some of which are beyond the Company's control, including but not limited to those discussed elsewhere in this communication. Additional factors that could cause actual results to differ from the forward-looking statements in this release include: our financial results are dependent on Acadian Asset Management LLC; our reliance on key personnel; our use of a limited number of investment strategies; our ability to attract and retain assets under management; the potential for losses on seed and co-investment capital; foreign currency exchange risk; risks associated with government regulation; and other facts that may be described in the Company's most recent Annual Report on Form 10-K filed with the Securities and Exchange Commission on February 27, 2026. Due to such risks and uncertainties and other factors, the Company cautions each person receiving such forward-looking information not to place undue reliance on such statements. Further, such forward-looking statements speak only as of the date of this communication and the Company undertakes no obligations to update any forward looking statement to reflect events or circumstances after the date of this communication or to reflect the occurrence of unanticipated events.

This communication does not constitute an offer for any fund managed by the Company or any subsidiary of the Company.

Non-GAAP Financial Measures

This communication contains non-GAAP financial measures. Reconciliations of non-GAAP to GAAP financial measures, along with certain segment measures, are included in the Supplemental Information, Reconciliations and Disclosures section of this communication.

Acadian Q1'26: Strong Outperformance

Key Performance Metrics

	Q1'25	Q1'26	Increase (Decrease)
Net income attributable to controlling interests (\$m)	\$20.1	\$24.3	21%
U.S. GAAP diluted EPS (\$s)	\$0.54	\$0.68	26%
Economic net income (\$m)	\$20.3	\$37.6	85%
ENI diluted EPS (\$s)	\$0.54	\$1.05	94%
Adjusted EBITDA (\$m)	\$35.2	\$61.8	76%
NCCF (\$b)	\$3.8	\$21.4	n/m
EOP AUM (\$b)	\$121.9	\$195.7	61%

Highlights

- U.S. GAAP Net Income attributable to controlling interests increased 21% and EPS increased 26%, driven by increased management fees, partially offset by non-cash expenses representing changes in the value of Acadian LLC equity and profit interests
- ENI increased 85% to \$37.6 million, driven by revenue growth, and ENI EPS was up 94% to \$1.05
- Adjusted EBITDA was up 76% primarily driven by increase in management fees
- Net flows of \$21.4 billion, 12% of beginning AUM, a new quarterly record, led by Enhanced, Extension and Global equity strategies
- AUM grew to \$195.7 billion, up 61% from Q1'25, another quarter of record-high assets in Acadian's history, driven by net inflows, and market appreciation over the last twelve months

<i>ENI operating margin</i>	28.3 %	38.1 %	978 bps	

Please see Definitions and Additional Notes

Please see Supplemental Information, Reconciliations and Disclosures

ENI Revenue: Growth Driven by Recurring Management Fees

ENI Revenue (\$ in millions)

Financial Highlights

- Total ENI revenue of \$165.0 million increased 40% from Q1'25, primarily due to recurring management fee growth and an increase in performance fees
- Q1'26 management fees increased 41% from Q1'25 reflecting a 57% increase in average AUM driven by strong positive NCCFs and market appreciation over the last twelve months

Notes: ENI revenue includes management fees and performance fees; Please see Definitions and Additional Notes
Please see Supplemental Information, Reconciliations and Disclosures

ENI Expenses and Variable Compensation: Margin Expansion

ENI Operating Expenses and Variable Compensation (\$ millions)

% Operating Margin	28.3%	38.1%
% OpEx Ratio ⁽¹⁾	48.1%	38.4%
% VC Ratio ⁽²⁾	47.6%	39.4%

Financial Highlights

- Q1'26 ENI Operating Expenses increased 13% primarily driven by higher sales-based compensation and portfolio-related costs due to AUM growth, as well as continued investment in IT and infrastructure
 - Q1'26 ENI Operating Margin expanded 978 bps y/y to 38.1% mainly driven by increased ENI management fees
 - Q1'26 Operating Expenses (OpEx) Ratio⁽¹⁾ fell (10)%pts y/y to 38.4% reflecting improved operating leverage
- Q1'26 Variable Compensation (VC) increased 35% y/y primarily driven by higher profit before variable compensation
 - Q1'26 VC Ratio⁽²⁾ decreased (817) bps y/y to 39.4% from 47.6% in 2025
 - Assuming revenue mix and levels similar to Q1'26, contractual allocations would imply a full year 2026 VC Ratio of 40%-43%

Notes: ENI operating expenses reflect the Company's operating expenses (excluding variable compensation); Variable compensation is primarily comprised of a contractual percentage of ENI earnings before variable compensation and a contractual split of performance fees, which is awarded to employees and recognized over a contractual vesting period; Variable compensation also includes non-cash compensation in the form of Acadian LLC equity provided through recycling and AAMI equity; (1) Operating Expense (OpEx) Ratio reflects total ENI operating expenses as a percent of management fees and is subject to fluctuations as AUM and ENI management fees change; (2) Variable Compensation (VC) Ratio is calculated as variable compensation divided by ENI earnings before variable compensation.

Capital Resources: Strong Balance Sheet

Balance Sheet Profile (\$ in millions)

Cash
 Seed Investments
 Term loan
 Revolver

March 31, 2026

- Cash and cash-equivalents of \$129.0 million, and \$96.7 million of seed investments
- Debt reflects \$200.0 million balance on term loan credit facility and \$85.0 million balance on revolving credit facility
 - Revolving credit facility balance reflects first quarter seasonal needs and is expected to be fully paid down by year-end
- Leverage ratio⁽¹⁾ of 1.3x and net leverage ratio⁽²⁾ of 0.7x

Leverage ratio ⁽¹⁾	1.0x	1.3x
Net leverage ratio ⁽²⁾	0.5x	0.7x

Please see Definitions and Additional Notes

(1) Represents the Company's total debt, divided by last twelve months Adjusted EBITDA

(2) Represents the Company's total debt, net of total cash and cash equivalents, divided by last twelve months Adjusted EBITDA

Capital Management: Shareholder Returns

Quarterly Diluted Shares Outstanding (in millions)

Financial Highlights

- \$1.4 billion in excess capital returned to stockholders since the end of 2019 through share buybacks and dividends
- Repurchased 0.1 million shares of common stock during the first quarter of 2026, at a volume weighted average price of \$49.77 per share, for an aggregate total of \$4.7 million
- Board declared a quarterly interim dividend of \$0.10 per share to be paid on June 26, 2026 to shareholders of record as of the close of business on June 12, 2026
- Expect to continue generating strong free cash flow and deploying excess capital toward supporting organic growth, dividends, and share repurchases over time

Closing: Acadian Compelling Investment Opportunity

Competitive Position

- Only pure-play, publicly traded systematic manager
- 40-year track record with competitive edge in systematic investing
- Strong performance track record with more than 96% of strategies by revenue outperforming benchmarks over 3- / 5- / 10- year periods⁽¹⁾

Business Momentum

- Record quarterly net inflows of \$21.4 billion for Q1'26 (12% of beginning AUM)
- Nine consecutive quarters of positive net flows
- AUM of \$195.7 billion⁽¹⁾, up 61% from Q1'25

Q1'26 Financial Results

- Record quarterly management fees of \$159.3 million, up 41% from Q1'25
- ENI EPS of \$1.05, up 94% from Q1'25
- ENI Operating Margin expanded 978 bps to 38.1%, up from 28.3% in Q1'25

Capital Management

- Strong balance sheet with conservative leverage ratios
- Strong free cash flow positions us to continue to invest in organic growth and return excess capital to shareholders

Positioned to continue to drive growth through targeted distribution initiatives and new product offerings

Please see Definitions and Additional Notes

Q1'26 vs. Q1'25

- Total revenue increased 39.3% from Q1'25 driven by higher management fees reflecting an increase in average AUM in Q1'26 compared to Q1'25
- Operating expenses increased 42.2% from Q1'25 driven by an increase in compensation and benefits expense primarily due to an increase in the value of the equity plan liability and an increase in variable compensation in Q1'26 compared to Q1'25
- Income tax expense increased 59.0% from Q1'25 primarily as a result of an increase in pre-tax income attributable to controlling interests and the impact of non-deductible compensation expense
- U.S. GAAP net income attributable to controlling interests increased 20.9% from Q1'25 primarily due to the increase in management fee revenue
- Diluted earnings per share increased 25.9% from Q1'25 due to higher net income attributable to controlling interests in Q1'26 and lower diluted shares outstanding

Acadian LLC Key Employee Distributions

Commentary

- Represent the share of Acadian LLC profits after variable compensation that is attributable to key employee equity and profit interests holders, according to their ownership interests
- Distribution Ratio increased year-over-year to 10.0% in Q1'26 due to growth in management fee profit above contractual thresholds
- Given current levels of profits after variable compensation, contractual allocations would imply a 2026 full-year Distribution Ratio of 12%-14%

Acadian LLC Key Employee Distributions

Please see Definitions and Additional Notes

(1) For further information and additional reconciliations between U.S. GAAP and non-GAAP measures, see the Company's Quarterly Report on Form 10-Q.

(2) Tax-affected items for which adjustments are included in "Tax effect of above adjustments" line, excluding the discontinued operations component of item 6, are taxed at the respective blended rates applicable to the adjustments. Beginning in the current quarter, the Company updated its approach for calculating the tax effect of adjustments within the above reconciliation. Previously, the Company used a statutory income tax rate of 27.3% for these adjustments. The Company now applies a blended income tax rate, which is intended to more accurately reflect the tax effect of the adjusting items. The effect of this change on prior periods is not material.

(3) The three months ended March 31, 2025 includes severance-related items at Acadian LLC of \$(0.2) million.

(4) Includes non-cash equity-based award amortization expense.

ENI Adjustments

- 1 Exclude non-cash expenses representing changes in the value of Acadian LLC equity and profit interests held by Acadian LLC key employees
- 2 Exclude non-cash amortization or impairment expenses related to acquired goodwill and other intangibles
- 3 Exclude capital transaction costs including the costs of raising debt or equity, gains or losses realized as a result of redeeming debt or equity and direct incremental costs associated with acquisitions of businesses or assets
- 4 Exclude gains/losses on seed capital and co-investments, as well as related financing costs
- 5 Include cash tax benefits related to tax amortization of acquired intangibles
- 6 Exclude results of discontinued operations as they are not part of the ongoing business, and restructuring costs incurred in continuing operations
- 7 Exclude one-off tax benefits or costs unrelated to current operations

Net income attributable to non-controlling interests in consolidated Funds	(3.7)	(0.1)
Net income attributable to controlling interests	\$ 20.1	\$ 24.3

(a) Adjusted to exclude consolidated Funds revenues which are included in U.S. GAAP revenue.

(b) Fixed compensation and benefits includes base salaries, payroll taxes and the cost of benefit programs provided.

(c) Variable compensation is contractually set and calculated individually for Acadian LLC bonuses, adjusted for non-cash Acadian LLC key employee equity revaluations and severance relating to restructuring costs.

(d) Acadian LLC key employee distributions includes the share of Acadian LLC profits after variable compensation that is attributable to the Acadian LLC key employee equity and profits interests holders, according to their ownership interests.

(e) Depreciation and amortization includes US GAAP depreciation and amortization.

(f) Other segment items includes segment systems, portfolio administration costs, sales commissions and other general & administrative expenses.

(g) Unallocated corporate expenses include compensation and benefits of \$2.4 million and general and administrative expenses of \$2.1 million related to Hold Co which are reflected in U.S. GAAP net income attributable to controlling interests for Q1'25. Unallocated corporate expenses include compensation and benefits of \$2.8 million and general and administrative expenses of \$2.0 million related to Hold Co which are included in U.S. GAAP net income attributable to controlling interests for Q1'26.

(h) Adjustments and reconciling items includes consolidated Funds revenue and expense and restructuring costs.

(i) Non-cash Acadian LLC key employee equity revaluations represent changes in the value of Acadian LLC equity and profit interests held by Acadian LLC key employees, which are included within U.S. GAAP compensation and benefits expense.

Definitions and Additional Notes

References to “Acadian Asset Management”, “Acadian”, “AAMI” or the “Company” refer to Acadian Asset Management Inc.; references to “Hold Co” refer to AAMI and its subsidiaries excluding Acadian Asset Management LLC (“Acadian LLC”). The Company currently operates its business through one asset management firm, Acadian LLC. The Company’s distribution activities are conducted in various jurisdictions through affiliated companies in accordance with local regulatory requirements.

The Company uses a non-GAAP performance measure referred to as economic net income (“ENI”) to represent its view of the underlying economic earnings of the business. ENI is used to make resource allocation decisions, determine appropriate levels of investment or dividend payout, manage balance sheet leverage, determine Acadian LLC variable compensation and equity distributions, and incentivize management. The Company’s ENI adjustments to U.S. GAAP include both reclassifications of U.S. GAAP revenue and expense items, as well as adjustments to U.S. GAAP results, primarily to exclude non-cash, non-economic expenses, or to reflect cash benefits not recognized under U.S. GAAP.

The Company re-categorizes certain line items on the income statement to:

- exclude the effect of Fund consolidation by removing the portion of Fund revenues, expenses and investment return which is not attributable to its shareholders;
- include within management fee revenue any fees paid to Acadian by consolidated Funds;
- treat sales-based compensation as a general and administrative expense, rather than part of fixed compensation and benefits; and
- identify separately from operating expenses, variable compensation and Acadian LLC key employee distributions, which represent Acadian LLC earnings shared with Acadian LLC key employees.

The Company also makes the following adjustments to U.S. GAAP results to more closely reflect its economic results by:

- i. excluding non-cash expenses representing changes in the value of Acadian LLC equity and profit interests held by Acadian LLC key employees. These ownership interests may in certain circumstances be repurchased by the Hold Co at a value based on a pre-determined fixed multiple of trailing earnings and as such this value is carried on the Company’s balance sheet as a liability. Non-cash movements in the value of this liability are treated as compensation expense under U.S. GAAP. However, any equity or profit interests repurchased by the Hold Co can be used to fund a portion of future variable compensation awards, resulting in savings in cash variable compensation that offset the negative cash effect of repurchasing the equity.
- ii. excluding non-cash amortization or impairment expenses related to acquired goodwill and other intangibles as these are non-cash charges that do not result in an outflow of tangible economic benefits from the business.
- iii. excluding capital transaction costs, including the costs of raising debt or equity, gains or losses realized as a result of redeeming debt or equity and direct incremental costs associated with acquisitions of businesses or assets.
- iv. excluding seed capital and co-investment gains, losses and related financing costs. The net returns on these investments are considered and presented separately from ENI because ENI is primarily a measure of the Company’s earnings from managing client assets, which therefore differs from earnings generated by its investments in Acadian LLC products, which can be variable from period to period.
- v. including cash tax benefits associated with deductions allowed for acquired intangibles and goodwill that may not be recognized or have timing differences compared to U.S. GAAP.
- vi. excluding the results of discontinued operations attributable to controlling interests since they are not part of the Company’s ongoing business, restructuring costs incurred in continuing operations.
- vii. excluding deferred tax resulting from changes in tax law and expiration of statutes, adjustments for uncertain tax positions, deferred tax attributable to intangible assets and other unusual items not related to current operating results to reflect ENI tax normalization.

The Company adjusts its income tax expense to reflect any tax impact of its ENI adjustments.

Adjusted EBITDA

Adjusted EBITDA is defined as economic net income before interest, income taxes, depreciation and amortization. The Company notes that its calculation of Adjusted EBITDA may not be consistent with Adjusted EBITDA as calculated by other companies. The Company believes Adjusted EBITDA is a useful liquidity metric because it indicates the Company’s ability to make further investments in its business, service debt and meet working capital requirements. Refer to the reconciliation of U.S. GAAP net income attributable to controlling interests to ENI and Adjusted EBITDA.

Segment ENI

Segment ENI represents ENI for the Company’s reportable segment, calculated in accordance with the Company’s definition of Economic Net Income, before income tax, interest income and interest expense.

Methodologies for calculating investment performance:

Revenue-weighted investment performance measures the percentage of management fee revenue generated by Acadian strategies which are beating benchmarks. It calculates each strategy’s percentage weight by taking its estimated composite revenue over total composite revenues in each period, then sums the total percentage of revenue for strategies outperforming. Figures calculated using gross of fee strategy composite returns.

Asset-weighted investment performance measures the percentage of AUM in strategies beating benchmarks. It calculates each strategy’s percentage weight by taking its composite AUM over total composite AUM in each period, then sums the total percentage of AUM for strategies outperforming. Figures calculated using gross of fee strategy composite returns.

ENI operating earnings

ENI operating earnings represents ENI earnings before Acadian LLC key employee distributions and is calculated as ENI revenue, less ENI operating expense, less ENI variable compensation. It differs from economic net income because it does not include the effects of Acadian LLC key employee distributions, net interest expense or income tax expense.

Definitions and Additional Notes

ENI operating margin

The ENI operating margin, which is calculated before Acadian LLC key employee distributions, is used by management and is useful for investors to evaluate the overall operating margin of the business without regard to the Company's ownership level of Acadian LLC. ENI operating margin is a non-GAAP efficiency measure, calculated based on ENI operating earnings divided by ENI revenue. The ENI operating margin is most comparable to the Company's U.S. GAAP operating margin.

ENI management fee revenue

ENI management fee revenue corresponds to U.S. GAAP management fee revenue.

ENI operating expense ratio

The ENI operating expense ratio is used by management and is useful for investors to evaluate the level of operating expense as measured against the Company's recurring management fee revenue. The Company has provided this ratio since many operating expenses, including fixed compensation & benefits and general and administrative expense, are generally linked to the overall size of the business. The Company tracks this ratio as a key measure of scale economies because in its profit sharing economic model, scale benefits both Acadian LLC employees and AAMI shareholders.

ENI earnings before variable compensation

ENI earnings before variable compensation is calculated as ENI revenue, less ENI operating expense.

ENI variable compensation ratio

The ENI variable compensation ratio is calculated as variable compensation divided by ENI earnings before variable compensation. It is used by management and is useful for investors to evaluate consolidated variable compensation as measured against the Company's ENI earnings before variable compensation. Variable compensation is usually awarded based on a contractual percentage of Acadian LLC's ENI earnings before variable compensation and may be paid in the form of cash, non-cash Acadian LLC equity or profit interests or AAMI equity. Hold Co variable compensation includes cash and AAMI equity. Non-cash variable compensation awards typically vest over several years and are recognized as compensation expense over that service period.

ENI Acadian LLC key employee distribution ratio

The Acadian LLC key employee distribution ratio is calculated as Acadian LLC key employee distributions divided by ENI operating earnings. The ENI Acadian key employee distribution ratio is used by management and is useful to investors to evaluate Acadian LLC key employee distributions as measured against the Company's ENI operating earnings. Acadian LLC key employee distributions represent the share of Acadian LLC profits after variable compensation that is attributable to Acadian LLC key employee equity and profit interests holders, according to their ownership interests. For Acadian LLC profit interest distributions, the Hold Co is entitled to an initial preference over profits after variable compensation, structured such that before a preference threshold is reached, there would be no required key employee distributions, whereas for profits above the threshold the key employee distribution amount would be calculated based on the key employee economic percentages at Acadian LLC.

U.S. GAAP operating margin

U.S. GAAP operating margin equals operating income from continuing operations divided by total revenue.

Consolidated Funds

Financial information presented in accordance with U.S. GAAP may include the results of consolidated pooled investment vehicles, or Funds, managed by Acadian LLC, where it has been determined that these entities are controlled by the Company. Financial results which are "attributable to controlling interests" exclude the impact of Funds to the extent it is not attributable to the Company's shareholders.

Reinvested income and distributions

Net flows include reinvested income and distributions. Reinvested income and distributions represent investment yield not distributed as cash, and reinvested back to the portfolios.
